H.P.	1/3	310	285	260	210	175	125
	1/2	400	350	320	280	250	200
	3/4	560	500	450	380	325	250
	1	640	625	560	475	400	310

NOTE: 1. The J operator is not recommended for use on large or high rolling doors without chain hoist modification (*see Model H*).
2. On steel insulated doors, a 24 ga. back panel is assumed. If a heavier back panel is supplied, use the next higher H.P. rating. For doors 22 ft. wide by 20 ft. high and larger, call factory.
