

# Partner logos

A Garaga Partners logo is composed of three distinct parts:

- **Icon**
- **Partner's name**
- **Garaga Expert authentication.**

Together, they form a coherent logo.

# Protective margins

A Garaga Partners logo is a graphic ensemble which must be protected from others composition elements to ensure perfect legibility.

There is therefore a protected zone around the logo equal to 1 times the height (x) as the last white shape.

Never encroach on this area with an image, photo, typeface or any other element.

# Prohibited uses

Do not move logo elements

Do not change colors

Do not distort the logo

Do not change colors

Do not add effects

Do not use black mesh

Do not add elements to the safety margin

Do not use at an angle

Do not use white thread

Do not change the proportion of the logo

Do not use the logotype alone

Do not use the white icon

# Logo colors

The red and black version of the Garaga Partners logo should be used whenever possible. It is important to use the logo on a background that allows for good legibility.

- The use of the black logo is recommended when the background color threatens to alter the legibility of the logo.
- The use of the white logo is accepted when the use of red or black is not easily readable.

To reinforce the association of your chosen red with the Garaga brand, it's important to use Garaga red as often as possible.
