ANNUAL SAFETY & SERVICE PROGRAM

We at Door Pro Inc. care about you & your family's safety. Your garage door is the largest moving part in your home and for most home owners your entrance. That is why you should have your garage door serviced at least once a year.

This program includes:

Lubrication and adjustments of rollers and hinges

Lubrication of torsion springs and bearings

Adjustment and balancing of torsion or extension springs

Note: We recommend the installation of security cables with extension springs

Adjustment of tension lifting cables, check cables for common wear & tear.

Adjustment and lubrication of door opener's electrical components including trolley

Adjustment of all security systems (mechanical or photoelectrical)

Verification of proper operating condition of all electric door opener accessories, if applicable (wall control, remote control and digital keypad)

2-Year warranty on all parts that are replaced.

Warranty will not be covered if any problems are caused by an electrical storm.

Annual safety & service program runs from December thru March, at a special rate of \$65.00 not including parts, if needed.

NOTE: Payment due on completion of service. You may cancel the annual safety & service program at anytime, at no cost.
