

Powder Coated

TOILET PARTITIONS

Low Cost and High Performance - The Best Industry Value

FAST, RELIABLE LEAD TIMES

With great stock programs and lightning fast lead times, Hadrian's powder coated toilet partitions are available to meet any deadline. 99% on time deliveries and 98% damage-free shipments ensure that your toilet partitions are there when you need them.

ENVIRONMENTALLY FRIENDLY

Hadrian's powder coated toilet partitions have an excellent **recycled content of 50% (36% post-consumer and 14% pre-consumer)**, making them a great choice for environmentally sensitive projects.

Hadrian is proud of the fact that its powder coating system is environmentally friendly. There is virtually no waste, energy consumption is low, and there are no solvent emissions.

INDUSTRY-BEST FIRE RESISTANCE

Hadrian's powder coated toilet partitions are completely fireproof and will not give off toxic smoke if exposed to heat or flame. With a CLASS A fire rating, no other product performs better.

DURABLE AND REPAIRABLE

Unlike other materials, powder coated toilet partitions can be successfully repaired should vandalism occur.

Styles

HEADRAIL BRACED

Headrail braced compartments are a great choice for virtually any facility. These units are especially recommended in heavy-use areas such as schools, institutions and industrial settings. The anti-grip top rail deters boisterous activity while ensuring a rigid and secure installation.

CEILING HUNG

Ceiling hung units present a clean, contemporary appearance. They permit quick, easy floor maintenance, especially when combined with wall-hung fixtures. Ceiling hung partitions are recommended for modernization where a drop ceiling or open span construction can be used.

FLOOR MOUNTED

The clean lines of floor mounted units lend an air of spaciousness to these installations. The absence of top structure makes them the ideal choice for high ceiling areas and allows a wide range of complementary architectural and interior decoration possibilities.

FLOOR TO CEILING

Floor to ceiling units are extremely strong and resistant to abuse as they are securely connected to the floor, ceiling and walls. This configuration is ideal for high abuse areas and installations that require extra durability.

STANDARD SERIES

Hadrian's standard series features 58" (1473mm) high doors and panels, which are mounted 12" (305mm) off the finished floor.

Available in headrail braced, ceiling hung, floor mounted and floor to ceiling styles.

ELITE SERIES

Hadrian's Elite Series offers increased privacy with 64" (1626mm) high doors and panels, mounted just 6" (152mm) from the finished floor. Continuous channels eliminate all sightline gaps.

Available in headrail braced, ceiling hung, floor mounted and floor to ceiling styles.

ELITE PLUS SYSTEM

Taking the Elite concept a step further, Hadrian's Elite Plus System affords maximum privacy with 72" (1829mm) high doors and 76" (1930mm) high panels, mounted just 6" (152mm) from the finished floor. Continuous channels eliminate all sightline gaps.

Available in headrail braced and floor to ceiling styles.

SCREENS

WALL MOUNTED

This simple and economical design features a 42" (1067mm) high screen, which permits easy maintenance and floor cleaning.

48" (1219mm) high screens are also available to meet IPC requirements.

FLANGE MOUNTED

Includes a heavy-duty 4" (102mm) wide 12 gauge backplate and 3" (76mm) deep 12 gauge side angles to meet U.S. government specifications.

FLOOR MOUNTED

Features a 58" (1473mm) high screen and floor mounted pilaster for extra support.

Hadrian utilizes the latest powder coating technology to apply a hard, even and run-free finish. After a thorough cleaning and phosphatizing process, electrical charges ensure that the powder paint adheres uniformly over the entire product surface. The powder is then oven cured to create an attractive, permanent and consistent finish that covers every area of the product and resists impact, abrasions, chemicals, detergents and acids.

Thicker paint application helps to combat rust. Powder coating allows a greater paint thickness to be applied without compromising surface uniformity. Wet paints simply cannot achieve the same thickness without the threat of unsightly runs and surface irregularities.

The flexibility of powder coating allows Hadrian to offer a wide range of exciting finishes, including special effects, anti-graffiti and custom colors.

ANTI-GRAFFITI

Hadrian's anti-graffiti toilet partitions allow the use of commercial graffiti removers to completely eliminate graffiti without causing damage to the finish. The powder coating retains its original brilliance and no ghost of the graffiti is left behind!

Proven ASTM D6578 Graffiti Resistance

- Permanent Marker
- Lipstick
- Water Based Ink Marker
- Wax Crayon
- Spray Paint

Features

FULL HONEYCOMB CORE

Doors, panels and pilasters are structurally reinforced with 1" (25mm) cell honeycomb bonded from top to bottom and edge to edge throughout their entire core. The honeycomb reinforcement enhances strength, sound absorption, and overall impact resistance.

CLEAN, ATTRACTIVE CORNERS - MITRED, WELDED AND GROUND SMOOTH

Hadrian's "trademark" corners are unmatched for their clean, attractive appearance. The superior strength of Hadrian's full corner weld offers a hygienic seal and prevents parts from loosening and detaching.

BARRIER-FREE LEVER LATCH

Hadrian's exclusive thumbturn lever conforms to American Disability Act and Canadian barrier-free requirements. It can be activated with a short, easy movement and without finger-grip application.

SAFETY RELEASE LATCH

Both standard and barrier-free latch designs allow access from the exterior in case of emergency. The design is minimal for appearance, easy cleaning, and resistance to vandalism. The "Hadrian" name assists maintenance staff in locating the source for replacement parts.

METAL HINGE PIN WITH NYLON SLEEVE

The metal core of Hadrian's upper hinge pin provides sturdy support while the self-lubricating nylon sleeve ensures smooth, quiet operation. The threaded pin can be easily removed and reinserted if necessary.

REINFORCED HEADRAIL BRACED PILASTER TOPS

An added 20-gauge channel creates extra strength and twist-free rigidity to minimize the possibility of damage by handling and shipping.

ANTI-GRIP TOP RAIL

Extruded aluminum headrail offers maximum strength, rigidity, and a clean line appearance. Its double-ridge anti-grip design deters boisterous activity and consequent damage, while still offering a smooth track for shower curtain hooks.

LOCKING BAR EDGE MOULDING

All components are tack welded and interlocked under tension with a roll-formed oval crown locking bar for continuous bonding and a permanent, hygienic seal.

CONCEALED HINGE MOUNTING

Hinges are concealed within the thickness of the door, top and bottom, for sanitary, easy maintenance and modern styling. This sleek design eliminates the need for exposed fasteners on the door face.

HIGH QUALITY HARDWARE

All brackets and door hardware components are zinc die-cast and triple plated with copper, nickel and chrome to a gleaming finish. Pilaster shoes are a one-piece welded design of polished stainless steel.

OPTIONS

THE "NO-SIGHTLINE SOLUTION"

Maximizing privacy, Hadrian's "No-Sightline Solution" features a full height continuous stop and hinge side filler to completely eliminate all sightline gaps around the door. The full-length rubber bumper on the stop deadens sound and protects against wear. The versatility of the "No-Sightline Solution" means it can be used in new and pre-existing installations. Substitute the heavy-duty continuous hinge on the hinge side for added strength without compromising privacy.

HEAVY-DUTY CONTINUOUS HINGE

Hadrian's economically priced continuous hinge is ideal for high-abuse areas where extra strength and durability are a concern. Made with heavy-duty 16-gauge material, the continuous hinge is available in powder coated or brushed stainless steel finishes. A stainless steel hinge pin is standard on both models. As an added value, Hadrian's continuous hinge obstructs the sightline on the hinge side of the door.

STAINLESS STEEL HARDWARE PACKAGE

A stainless steel hardware package is available, featuring:

- Stamped stainless steel, #4 brushed pilaster, panel and screen brackets
- Cast stainless steel, #4 brushed wrap-around door hinges
- Stainless steel, #4 brushed TR-27 6-lobe security screws
- Stainless steel, #4 brushed pilaster shoes

REINFORCED MASONITE CORE

Ideal for damage-prone installations, Hadrian's masonite reinforcement strengthens the product's surface sheets while absorbing shocks better than plywood alternatives. 1/8" peg-board Masonite is bonded to the inner surface of material walls to encase the 1" (25mm) honeycomb center. The dent resistant toughness of the sections is increased beyond their already tough design.

Hadrian prides itself on being a professional and friendly company that is easy to deal with. We make it a priority to spend time getting to know our customers and work with them to meet the challenges of their specific market. Our local representatives ensure Architect, Interior Designer, Specification Writer, Government Planner, School Official and End-User sales coverage while also expeditiously addressing field support needs and jobsite concerns.

Solid Plastic

TOILET PARTITIONS

BUILT TO LAST

Hadrian's solid plastic toilet partitions are made from durable high density polyethylene (HDPE) material and are the ideal choice for high abuse facilities such as schools, stadiums, parks and airports. Hadrian's partitions are designed to stand strong and overcome abuse. They will not delaminate, dent, flake, crack or break!

CERTIFIED CLASS B FIRE RATING

Not all solid plastic is created equal. Make sure you are getting certified CLASS B solid plastic and accept nothing less when that level of performance is required. Hadrian offers a full range of certified CLASS B colors that meet the requirements of ASTM E 84.

SOLID CORE WITH NO AIR POCKETS

Hadrian's plastic material features a solid core that does not contain foaming agents, which can cause the formation of air pockets.

EASY TO MAINTAIN

From a maintenance point of view, nothing could be easier! Hadrian's solid plastic partitions practically take care of themselves, making them an ideal choice for harsh washroom environments.

GRAFFITI RESISTANT

Hadrian's solid plastic toilet partitions offer excellent graffitiresistance, allowing most graffiti to be removed.

THERE WHEN YOU NEED IT

Hadrian has the right lead times to meet any requirement. Solid plastic toilet partitions ship from stock within **5 business days** and non-stock colors ship within 2.5 weeks. With **99% on time deliveries**, Hadrian continues to set the standard for fast, reliable shipping.

INDUSTRY LEADING WARRANTY

With the best warranty in the business, Hadrian is confident that its partitions will stand the test of time. Hadrian's 25 year solid plastic warranty protects against breakage, delamination and corrosion.

Floor to ceiling units are extremely strong and resistant to abuse as they are securely connected to the floor, ceiling and walls. This configuration is ideal for high abuse areas and installations that require extra durability.

SCREENS

WALL MOUNTED SCREEN

- · Simple and economical design
- Permits easy maintenance and floor cleaning

FLOOR MOUNTED SCREEN

- Supported by a 5" (127mm) floor mounted pilaster
- · Great option for vandal prone installations

48" IPC compliant screens are also available.

Hadrian Green

Since its founding in 1983, Hadrian Manufacturing Inc. has been an environmentally responsible corporate citizen. We take special care with regard to the environment so you can feel good about choosing Hadrian products!

ENVIRONMENTALLY RESPONSIBLE

100% POST-CONSUMER RECYCLED CONTENT

Hadrian offers two solid plastic colors with a post-consumer recycled content of 100%.

The balance of Hadrian's colors all have a minimum pre-consumer recycled content of 30%.

LESS MATERIAL

In addition to having an excellent recycled content, the long life span of plastic means that less material is used over time as facilities do not need to replace compartments every few years.

PACKAGING MATERIALS

Hadrian's hardware boxes are made from 100% recycled materials and our triple-ply corrugated "Jumbo" shipping container (USA) is 100% recyclable.

MARKETING COLLATERAL

Hadrian's literature is printed on FSC certified stock, which contributes to the conservation and responsible management of forests.

Hardware

Hadrian's solid plastic toilet partitions are available with a variety of hardware options to meet the design challenges of any washroom environment.

ALUMINUM HARDWARE (STANDARD)

- Heavy-duty aluminum 8" (203mm) round barrel hinges
- 6" (152mm) aluminum stop and keeper
- Black anodized latch with emergency access feature
- Full height aluminum channels at panel to pilaster connection
- Three heavy-duty aluminum brackets at panel to wall and pilaster to wall connections
- #4 brushed stainless steel shoes
- * Full height aluminum channels at all connections are available as an option

STAINLESS STEEL HARDWARE

- Full height stainless steel channels at panel to pilaster, panel to wall, and pilaster to wall connections
- Stainless steel continuous hinge
- Stainless steel latch
- · Stainless steel stop and keeper
- #4 brushed stainless steel shoes

PLASTIC HARDWARE

- Full height plastic channels at panel to pilaster, panel to wall and pilaster to wall connections
- Plastic anchor shoes
- Color of plastic shoes and channels matches/complements partitions

CONTINUOUS HINGE

Hadrian's heavy-duty 14-gauge continuous hinge is a great choice for heavy-use facilities such as schools and institutions. This 54" (1372mm) high stainless steel hinge covers the full height of the door and features a stainless steel hinge pin. Fastened to both the door and the pilaster with 6-lobe security head stainless steel through-bolts, the continuous hinge is a true heavy-duty option. As an added bonus, this item also acts as a no-sightline feature on the hinge side of the door.

6

INTEGRAL HINGE

Hadrian's integral hinge system projects a clean, uncluttered appearance. The hinge pin and bottom cam are recessed into the door and pilaster to eliminate the need for exposed fasteners on the hinge side. Inconspicuous and virtually maintenance-free, the integral hinge is a great alternative to Hadrian's standard wrap-around offering. Integral hinge is available for headrail braced style only.

HEADRAIL

Hadrian's easy-to-install cap-over headrail ensures a rigid finished installation. For joining two pieces together, the headrail system features a convenient snap-fit design that does not require extra fasteners.

SHOES

Durable and easy to maintain, Hadrian's 3" (76mm) high stainless steel anchor shoes look great and make installation easy. 3" (76mm) high plastic anchor shoes are also available in colors to complement our solid plastic partitions. Ceiling hung and floor to ceiling partitions use 4" (102mm) high stainless steel sleeve shoes only.

VANITIES

Made from the same durable material as our partitions, Hadrian's solid plastic vanities are available in a number of different sizes and configurations to meet installation requirements. Vanities include the following as necessary; tops, backs, skirts, sides, gussets, "L" angles, anchors and fasteners.

FASTENERS

Fasteners are theft-proof 6-lobe security head stainless steel screws to deter vandalism.

Hadrian prides itself on being a professional and friendly company that is easy to deal with. We make it a priority to spend time getting to know our customers and work with them to meet the challenges of their specific market. Our local representatives ensure Architect, Interior Designer, Specification Writer, Government Planner, School Official and End-User sales coverage while also expeditiously addressing field support needs and jobsite concerns.

Stainless Steel

BEAUTIFUL AND LONG LASTING

A NATURAL CHOICE FOR ENVIRONMENTALLY SENSITIVE PROJECTS

Made from minerals of the earth, stainless steel is natural. It is non-toxic and 100% recyclable.

Hadrian's stainless steel toilet partitions have an outstanding recycled content of 91% (76% post-consumer and 15% pre-consumer), making them an excellent choice for LEED and other environmentally sensitive projects. Stainless steel allows you to "build green" without compromising on appearance or performance.

INDUSTRY-BEST FIRE RESISTANCE

Hadrian's stainless steel toilet partitions are completely fireproof and will not give off toxic smoke if exposed to heat or flame. Fire resistance is a critical requirement of most building codes and no other product performs better.

COST EFFECTIVE

Less expensive than composite and phenolic type toilet partitions, stainless steel is a very cost effective option. Stainless steel achieves an upscale look and outstanding performance at an affordable price point.

Finishes

The long lasting beauty and gleaming modern appearance of Hadrian's stainless steel toilet partitions lend a touch of class to any washroom environment.

#4 BRUSHED STAINLESS STEEL

Hadrian's type 304, #4 brushed stainless steel promotes a hygienic environment while offering excellent corrosion resistance and a clean, modern appearance.

EMBOSSED STAINLESS STEEL

The unique textured pattern of embossed stainless steel offers added protection against abrasions, smudges and fingerprints.

HYBRID STAINLESS STEEL – BRINGING BOTH FINISHES TOGETHER

Hybrid stainless steel compartments feature an embossed interior for increased protection against vandalism and a #4 brushed finish on the exterior to maintain a clean, smooth appearance on the outside.

Special finishes (such as leather-grain) are available upon request. Minimum quantities may apply.

DURABLE

HYGIENIC

Styles

Hadrian's stainless steel toilet partitions are available in all configurations:

HEADRAIL BRACED

CEILING HUNG

FLOOR MOUNTED

FLOOR TO CEILING

STANDARD SERIES

Hadrian's standard series features 58" (1473mm) high doors and panels, which are mounted 12" (305mm) off the finished floor.

ELITE SERIES

Hadrian's Elite Series offers increased privacy with 64" (1626mm) high doors and panels, mounted just 6" (152mm) from the finished floor. Continuous channels eliminate all sightline gaps.

ELITE PLUS SYSTEM

Taking the Elite concept a step further, Hadrian's Elite Plus System affords maximum privacy with 72" (1829mm) high doors and 76" (1930mm) high panels, mounted just 6" (152mm) from the finished floor. Continuous channels eliminate all sightline gaps.

The Ultimate in Privacy

HADRIAN'S NO-SIGHTLINE SOLUTION

Available in a brushed aluminum finish to match the look of stainless steel, Hadrian's "No-Sightline Solution" maximizes privacy by completely eliminating all sightline gaps around the door.

Hardware

STAINLESS STEEL BRACKETS

Hadrian's #4 brush finished stamped stainless steel brackets extend the look and performance of stainless steel to the details of the installation.

STAINLESS STEEL WRAP-AROUND HINGES

#4 brushed stainless steel wrap-around hinges offer durability and flawless performance.

CONTINUOUS HINGE

Hadrian's 14-gauge continuous stainless steel hinge matches the finish of stainless steel partitions while covering the full height of the door. Featuring a stainless steel hinge pin, this heavy-duty option also obstructs the sightline on the hinge side of the door.

CONTINUOUS CHANNELS

Full height continuous stainless steel channels are available for all panel to pilaster, panel to wall and pilaster to wall connections. The full height channels match the finish of stainless steel partitions while also eliminating sightline gaps.

ANTI-GRIP HEADRAIL

Available in a standard anodized finish (shown) or brush finish to complement the look of stainless steel, Hadrian's double-ridge, anti-grip headrail design deters boisterous activity and consequent damage, while still offering a smooth track for shower curtain hooks.

BARRIER-FREE LEVER LATCH

Hadrian's exclusive thumbturn lever conforms to American Disability Act and Canadian barrier-free requirements. It can be activated with a short, easy movement and without finger-grip application.

SHOES

Pilaster shoes are available in both polished and #4 brushed stainless steel finishes.

COAT HOOK

Hadrian offers a flat coat hook with a #4 brushed finish.

FASTENERS

Available in chrome or stainless steel, fasteners are theft-proof 6-lobe security head screws to deter vandalism.

Standard chrome hardware is also available for stainless steel toilet partitions.

Hadrian prides itself on being a professional and friendly company that is easy to deal with. We make it a priority to spend time getting to know our customers and work with them to meet the challenges of their specific market.
